In particular, it is strictly excluded that anyone can get to a later stage or can even access the **Final** as a consequence of agreements with anyone since, in order to reach the **Final**, you must pass the stages provided by this Regulation, due to the meritocracy of each Competitor. that propose illegitimate agreements to pass the evaluations and/or selection phases and/or to arrive directly at the **Final**. Competitors are therefore invited to be wary of those who are not included in the list of Official Collaborators, reporting any abuse to **ME**.

The omission of this report, as well as any agreement with the said braggers by the Competitor and/or the parents exercising their authority and/or anyone for the account and interest of the Competitor, will determine the full faculty for **ME** to exclude and eliminate the Competitor from the Festival.
